### **Application of Theory to Practice**

Mariza engaged fully with the ideas and research underpinning Task-based learning and perfected her teaching throughout this course. Her Reflective journal showed increasing understanding and finding new ways of perfecting her techniques.

### **Teaching**

Mariza worked hard at all aspects of the teaching process. Her excellent preparation ensured sound lessons which were enjoyed by her learners. She enjoyed the creative aspects. She is quick to respond to her learners and incorporate their responses. At the same time, she shows much patience and awareness of her learners' progress or difficulties.

### **Overall**

It was a privilege and a pleasure to have Mariza on this course. She got on well with her colleagues and staff. She has a pleasant disposition and a very positive outlook on life.

I have no hesitation in recommending Mariza. She will be an asset in any institution and I would welcome her as a Langahead teacher, at any time.
