

FOUNDATION

International Foundation Year

Equivalent to year 0 of a three-year UK honours degree

National Qualifications Framework (NQF) Level: 3

Overview

A one-year programme for speakers of English as a foreign language who are seeking entrance to a university bachelor's programme, or the NCC Education International Diplomas in Business or Computer Studies. The International Foundation Year (IFY) teaches the skills you need to:

- Enter further study
- Succeed in your chosen degree
- Improve your career prospects

Entry Requirements

- Students must have successfully completed secondary education in an appropriate range of subjects;
AND
 - Have a valid score of 4.5 or above in the International English Language Testing System (IELTS) or equivalent.
- For full entry requirements, please visit the NCC Education website at www.nccedu.com.

Programme Structure

A one-year full-time programme which can also be studied part-time over two to three years. Students must pass all seven modules in order to be awarded the NCC Education International Foundation Year.

The programme consists of the following five compulsory modules:

- Study and Communication Skills
- English Language
- Culture Studies
- Mathematical Techniques
- IT Skills

A further two modules are chosen from the following four electives:

- Introduction to Computing
- Programming
- Introduction to Business
- Accounting and Economics

Assessment

The programme is assessed by assignment and examination. Assessment dates are available from your Accredited Partner Centre.

Progression

Successful graduates of the IFY programme can continue their studies on the next stage of the NCC Education Degree Journey (the International Diploma in Business or Computer Studies) or apply for first year entry at one of the many universities which recognise the IFY programme for entry to its degree programmes.
